Urgent Press Release: Dimock Township Meeting Monday 12/05/11 7 PM Br There!!!

Urgent For Immediate Release:

The Township of Dimock, Pa. is having it's monthly meeting tomorrow night.  
The meeting is in the Township building PO BOX 65 near yellow light and 29.  
The many supporters of the families with contaminated water have questions.  
We are asking Why the Supervisors refused mutual aid from Binghamton, NY.  
We would also like to find out Why the township will not Help themselves.

They claimed to be waiting for their Solicitor Attorney Sam Lewis's advice.  
The Supervisors held a secret emergency meeting on Friday December third.  
This meeting had a quorum of elected officials without public notification.  
We believe They were in violation of the Penn Sunshine Act attached above.  
We have evidence that those in attendance were from Cabot and Enough Already.

George Stark, a spokesperson from Cabot Oil and Gas Company contacted WBNG,  
and says " The township government has no desire to request mutual aide ".  
Is George Stark speaking for Dimock Township and Not the elected Supervisors?  
We are asking All media outlets in Pa and everywhere to ask Them to comment.  
We want answers as many other public agencies are looking to offer them Help.  
We are also asking that the media attend the meeting to record their responses.
